Snow's Tested Seeds

Give Satisfaction

NASTURTIUMS

TO MY FRIENDS AND CUSTOMERS

IMPORTANT SUGGESTIONS

By Carefully Observing the Following Rules and Directions, Mistakes and Misunderstandings Will Be Very Largely Avoided

Always Use the Order Blank and envelope sent with this Catalogue when possible. Write plainly, keep a copy of your order and **be sure to sign your name**, Post-office, County and State **every time you write to us**. Extra Envelopes and Order Blanks will be sent on application, also additional Catalogues, if desired.

SEND MONEY. Remittance should always accompany the order. Remittances may be made at our risk by any of the following methods: **Post-office Order, Draft on New York, Express Co. Money Order.** When money can not be sent by either of the methods, it may be enclosed in a Registered Letter. The rates charged for Post-office Orders and Express Money Orders are now so low this is the best way to remit where they can be obtained. We will bear expenses of sending money in either of the above ways when order amounts to \$1.00 or over.

No Goods Sent C. O. D. unless cash to the amount of one-fourth the order accompanies the same.

Seeds by Mail. Sending seeds by mail is a very important branch of our business, and we are prepared to fill orders promptly and correctly **the day they are received** in nearly all cases. We prepay the postage on all seeds in pkts., oz. and quarter lbs. at the price given in the Catalogue. Peas, Beans and Corn weigh about $1\frac{3}{4}$ lbs. to the quart, and when ordering them or seeds by the pound sent by mail, a sufficient amount should be added to cover postage.

Order Early. It is important to order as soon after you get the Catalogue as convenient; then you will have your seeds at hand for planting when you want them; besides if you want seeds in large quantities they can be sent by freight much cheaper than by express. **Small orders**, however, can often go by express as cheaply.

Shipping Orders. When goods are to be shipped by freight or express, give plain shipping directions: otherwise we use our best judgment.

Small Orders. If you only want a single packet, do not hesitate to order it. We take as much pains with small orders as with larger ones. Small orders are sure to grow larger.

We Urge Customers to inform us promptly on the arrival of order if anything proves otherwise than expected. We aim to **make friends of our customers**, and mail orders receive the same careful attention that our customers do over our counters, but we are only human, and errors sometimes (though not often) occur. When they do we are willing and anxious to rectify them.

Our Seed Annual. Please show this **Seed Annual** to your friends, and if you should receive an extra copy be kind enough to hand to some neighbor interested in seeds, who will be pleased to get it. We will be glad to send a copy free to any of your friends likely to want seeds in this or any other country. In return we will ask you to **speak a good word for us** to your friends and neighbors. An order this season, no matter how small, secures our Catalogue for next season as soon as issued.

Change of Address. If you have changed, or intend to change your address, please let us know, and we will change it on our books so that you will receive our Seed Annual at your new Post-office.

If you have Rural Mail Delivery, be sure to give the Name and Number of your Route, if necessary, when ordering.

Our Local Customers purchasing over our counter will please leave their address when making their first annual purchase. This will insure their receiving a Catalogue the following year by mail. Numbers of our patrons who desire our Catalogue fail to receive it because we have not their post-office address.

NON-WARRANTY. Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather or soil conditions, too deep or too shallow planting, etc., which renders it impossible for us to guarantee success, and although we take all possible care to supply only such goods as will, under proper conditions, produce satisfactory results, we will give no warranty as to description, quality or productiveness of any of the seeds, plants or bulbs we send out, and will not in any way be responsible for the crop, and every order for articles named in this Catalogue will be executed on these conditions only. It must, however, be plain to every one who gives the matter the slightest thought, that it is to our best interest to send out only such stock as will not only grow, but prove true to name and description.

Novelties and Specialties for 1913.

4 ASTERS OF SPECIAL MERIT

Marvel The New Ostrich Plume Aster.

This Grand New Aster wins the enthusiasm of all who see it. The flowers are a pure glistening white with Violet points, and are of immense size, often 6 inches across, composed of long, wavy twisted petals, gracefully formed into loose, yet densely double, half globes, resemble some of the finer Japanese Chrysanthemums. The plants are of luxuriant growth, each plant bearing from 20 to 30 of these magnificent flowers on long stiff stems, which give them an added value for cutting, for vases. Pkt. 15c.

Vick's Enchantress Pink A new variety of vigorous, upright, branching habit, with a great profusion of long, strong stems; the beautiful, large double flowers have the delicate pink shade of the Pink Enchantress Carnation. The broad, flat petals give a pleasing soft effect. Per pkt. 20c.

Vick's White King This new variety will attract the attention of every one who is acquainted with the Violet King. The flowers are large, full centered, and pure white; of the same type as Violet King; plants of branching habit; stems long, 16 to 20 inches; a profuse bloomer. Per pkt. 20c.

Variegated Aster (Royal Stripe) No color combination more beautiful can be imagined than is found in this new Aster. A broad band of violet blue runs through the entire length of the center of each petal, with distinct margins of pure white. It is of the Giant Comet type, with extremely large flowers. The plants are uniformly large and vigorous, producing long stems for cutting, each crowned with a perfect flower, full and double. Its habit, together with its attractive flowers, cannot fail to make it popular for cut flowers, as well as a magnificent variety for bedding. Pkt. 10c.

NEW SPENCER SWEET PEAS

Nothing within recent years can approach in importance the introduction of the "Spencer" Sweet Peas. Though but few years old they revolutionize all former conclusions. The characteristics of this new type is: (1) Enormous flowers (often measuring $2\frac{1}{2}$ inches across) with exquisitely wavy petals. (2) Invariably four flowers to the stem. (3) Stems averaging 12 to 15 inches in length. (4) Plant, foliage, stem and flower of extraordinary robust health. Six sprays of these new Sweet Peas outstrip in appearance 25 sprays of the older kinds. "Spencer" Sweet Peas to grow good should be given at least 6 inches to the individual plant. Every variety listed here is of tried value.

White Spencer Large pure white flowers. Fluted standard.

Countess Spencer Bright, clear pink. Very large.

Aurora Spencer Orange, pink and white striped. Enormous flowers.

John Ingman Rose-carmine. Gigantic fluted flower.

Othello Spencer Rich deep maroon. Profuse bloomer.

Nora Unwin Pure white, very large, open, wavy form.

Gladys Unwin Pale rosy pink. Superb.

Phyllis Unwin Light magneta-rose and carmine.

Mrs. Alfred Watkins Standard pink, shading buff; wings blush, shading rose.

Frank Dolby Lavender blue.

Any of the above varieties 10c. per pkt. 35c. per oz.

Snow's Prize Collection of Giant Spencer Sweet Peas 1 pkt. each of the 10 Beautiful Varieties as described above. Post paid 60c.

Mixed Spencers Pkt. 10c. Oz. 30c. For other varieties of Sweet Peas see page 16.

New "Golden-Orange Daisy" (*Dimorphotheca Aurantiaca*)

A showy annual Daisy from South Africa: of branching habit, growing about 12 to 15 inches high. The flowers, which are 2 to 3 inches in diameter, are produced in great profusion, and are of a rich, glossy orange-gold, with a dark colored disc. Flowers early in the open ground, and will continue to bloom during the summer months. Pkt. 10c. 3 pkts. 25c.

CELOSIA Plumosa, Pride of Castle Gould

This new introduction excels all the Ostrich Plume Celosias ever offered. The plants grow compact and pyramidal and produce immense flower heads, resembling willow plumes, in many remarkable shades. Pkt. 25c.

Snow's Reliable Tested Seeds For 1913

Seeds Post-paid by Mail. Please bear in mind that prices quoted in the following list include prepayment of postage on all seeds ordered by the **packet, ounce, quarter-pound.**

We **guarantee safe delivery of all Seeds**, whether sent by mail, express, or freight.

On all Orders for Seeds in **PACKETS** select **TWENTY-FIVE CENTS'** worth **EXTRA** for Each **ONE DOLLAR** sent us for *Seeds in Packets.*

ASPARAGUS

Columbian Mammoth White Very large white shoots. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. 20. Lb. .40. Roots. (not prepaid.) 100, \$1.00. 1,000, \$6.50.

BUSH BEANS, Green Pod

One pint to 100 feet of drill.

Extra Early Round Red Pod Valentine—Pods medium length, very crisp and tender. Pkt. .06. Qt. .25. Bu. \$6.00.

Stringless Green Pod Early, stringless, prolific, round pod. Pkt. .06. Qt. .30. Bu. \$6.50.

Dwarf Horticultural Late and productive; flat, stringless pod. Pkt. .06. Qt. .30. Bu. \$6.50.

Early Mohawk Very early, and largely grown; will stand more cold than most sorts. 5 to 6-inch pods. Pkt. .06. Qt. .25. Bu. \$5.50.

White Kidney Excellent green or ripe, as a shell bean. Pkt. .06. Qt. .25. Bu. \$5.50.

White Marrow Good either as a string or shell bean. Pkt. .06. Qt. .25. Bu. \$5.50.

Dreer's Bush Lima Beans thick, sweet and succulent; growth vigorous, about 18 inches high; always succeeding even in dry seasons. Pkt. .06. Qt. .35. Pk. \$2.25.

Stringless Green Pod

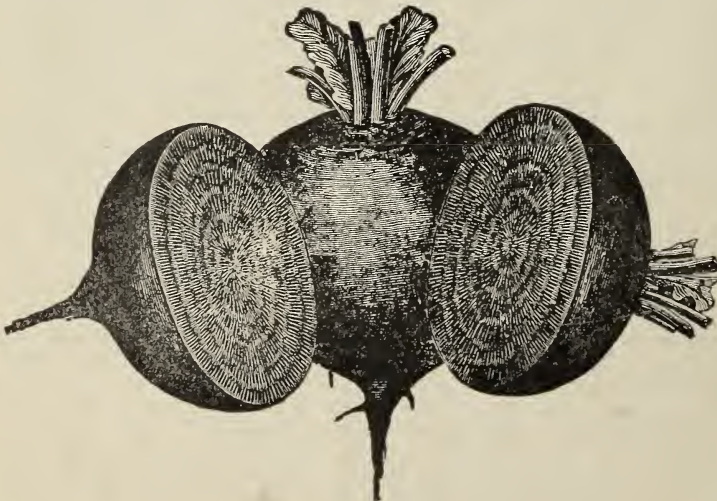

BEANS, Wax Pod

Golden Wax Improved Very early; flat pods, long and stringless. Pkt. .06. Qt. .30. Bu. \$7.00.

Davis Kidney Wax Long, handsome, waxy white, flat pods. Pkt. .06. Qt. .25. Bu. \$6.00.

Black Wax, Currie's Rust Proof Flat pods; early, productive. Pkt. .06. Qt. .30. Bu. \$7.00.

Golden Cluster Improved (Pole) Long, golden yellow pods, in clusters. Pkt. .06. Qt. .30. Bu. \$8.00.

Crimson Globe

Lima, Siebert's Early (Pole) Very early, immense yielder; large size beans, of the finest quality. Pkt. .06. Qt. .35. Bu. \$8.00.

BEEF

Very short crop.

One ounce will sow about 100 feet of drill.

Culture For general crop sow in freshly prepared soil, as soon as the ground will permit, in rows 18 inches apart, covering about an inch deep, and firming well over the seed. When plants are well established, thin out to four inches apart in a row.

Crimson Globe Fine, globular shape; flesh, rich, deep crimson; tender and sweet, very early. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .60. Lb. \$1.90.

Eclipse Early; round, bright red. Pkt. .05. Oz. .18. $\frac{1}{4}$ lb. .45. Lb. \$1.40.
Detroit Dark Red Turnip Round; skin dark blood-red; flesh bright red. Pkt. .05. Oz. .18. $\frac{1}{4}$ lb. .45. Lb. \$1.40.
Crosby's Egyptian Early red turnip beet, the best of the Egyptians. Pkt. .05. Oz. .18. $\frac{1}{4}$ lb. .45. Lb. \$1.40.
Edmand Blood Turnip A market gardener's strain of great regularity in shape and of best quality. Pkt. .05. Oz. .18. $\frac{1}{4}$ lb. .45. Lb. \$1.40.
Half Long Blood Fine, dark strain for winter. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .40. Lb. \$1.40.
Long Smooth Blood A good late variety for winter. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25. Lb. \$1.00.
Swiss Chard, or Silver Beet To be used same as spinach. Pkt. .05. Oz. .12. $\frac{1}{4}$ lb. .30. Lb. \$1.00.

SUGAR AND MANGEL WURZEL BEET

Vilmorins Imperial White An improved French variety. Under average conditions it has yielded 14 tons to the acre, containing about 16 per cent. of sugar. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25. Lb. .70.
Mammoth Long Red Long roots of enormous size, smooth and regular in shape with a small top. $\frac{1}{4}$ lb. .15. Lb. .50.
Yellow Leviathan Root long, olive shaped, growing over one-half out of the ground; flesh white, sweet and tender. $\frac{1}{4}$ lb. .15. Lb. .50.

BRUSSELS SPROUTS

Culture Sow in May, in the same manner as cauliflower, and transplant in July, 1 foot apart in the rows, which should be $1\frac{1}{2}$ feet apart. The real sprout is not much larger than a marble, and as firm and hard almost as the stalk itself. Strip off the outer covering, cook them whole, and serve them in that fashion. When cooked through and no more, such Sprouts melt in the mouth, like the tenderest cauliflower, and are equally good.
Improved Half Dwarf The very best and surest strain. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .40. Lb. \$1.25.

CABBAGE

Sow one ounce for 4,000 plants

Culture To get very early cabbage in the Northern States the seed should be sown in hot beds about six weeks before the ground outside is ready to receive the plants. The plants must be carefully thinned so they will not become spindling. For late crop the seed should be sown in this latitude about May 20th, and the plants set out July 1st.
Early Jersey Wakefield The most popular early variety; heads very solid, pyramidal shape, with little outside foliage. Pkt. .05. Oz. .25. $\frac{1}{4}$ lb. .75. Lb. \$2.50.

Charleston Wakefield Very large strain of the above. Pkt. .05. Oz. .25. $\frac{1}{4}$ lb. .75. Lb. \$2.50.

Early Spring Flat, extra-early, medium size. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .70. Lb. \$2.50.

Early Winnigstadt A standard second-early variety; very hard heads. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .60. Lb. \$2.00.

Allhead Very early and very solid; large. Pkt. .05. Oz. .25. $\frac{1}{4}$ lb. .75. Lb. \$2.50.

Succession Improved Excellent second-early sort; large, solid heads. Pkt. .05. Oz. .25. $\frac{1}{4}$ lb. .75. Lb. \$2.50.

Flat Dutch

Danvers Half Long

Large Late Drumhead A standard winter Cabbage for main crop. Pkt. .05. Oz. .25. $\frac{1}{4}$ lb. .75. Lb. \$2.50.

Selected Premium Flat Dutch A valuable sort for market. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .60. Lb. \$2.00.

Sure Head Good header and fine late cabbage. Pkt. .05. Oz. .25. $\frac{1}{4}$ lb. .60. Lb. \$2.50.

Danish Ball Head Hard, solid, round heads; a fine keeper. Pkt. .05. Oz. .25. $\frac{1}{4}$ lb. .90. Lb. \$2.75.

Extra Early Blood Red Erfurt Earliest and reddest. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .50.

New Volga Very rapid in its growth, but it is a long time after maturity before it bursts. Pkt. .05. Oz. .25. $\frac{1}{4}$ lb. .75. Lb. \$2.00.

CARROTS

Seed very scarce. One ounce will sow 100 feet of drill

Culture Sow as early in the spring as the ground is fit to work. For table use sow the smaller kinds in rows 16 to 18 inches apart. Cover one-half inch and press soil firmly over the seed. As

soon as the plants appear use cultivator or wheel hoe. Do not let weeds get a start. Thin to 2 or 3 inches apart in the row.

Oxheart A desirable variety on soil too hard and stiff for the longer growing sorts. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .60. Lb. \$2.25.

Chantenay Stump rooted and smooth. Color Deep orange red. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .50. Lb. \$1.60.

Danvers Half Long The best variety for general crop; is rich orange color, heavy yielder. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .50. Lb. \$1.60.

Improved Long Orange The most popular of the older sorts. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .45. Lb. \$1.50.

CAULIFLOWER

Culture The same as for cabbage, except that extra manure and plenty of water will pay upon Cauliflower.

Early Snowball Very early, one of the best. Pkt. .10. Oz. \$2.00.

Early Favorite Will head under conditions that many would not. Pkt. .10. Oz. \$1.00.

CELERY

One ounce of seed to 12000 plants.

Culture Sow the seed (which is slow to germinate) in finely prepared seed bed. See to it that the seed is not covered too deep and that the bed is kept moist until the seeds germinate. When the plants are one or two inches high thin out and transplant. To grow good Celery the soil must be made as rich as possible, the essential to success being very rich soil and plenty of water.

Columbia One of the earliest maturing varieties; unsurpassed in beauty of golden color and solidity of stalk. In delicacy of flavor it is unrivalled. Pkt. .05. Oz. .50. $\frac{1}{4}$ lb. \$1.80.

White Plume For fall and early winter use, this is the most popular variety. Pkt. .05. Oz. .20. Lb. \$2.00.

Golden Self Blanching Plants of a yellowish green color, but as they mature the inner leaves and stems turn to a beautiful golden yellow. Pkt. .10. Oz. .60. Lb. \$8.50.

Rose Ribbed Paris Very attractive and of splendid quality. In general character this sort resembles the Golden Yellow Self Blanching. Pkt. .05. Oz. .40. Lb. \$5.00.

Winter Queen This is without doubt a most valuable variety of Celery for winter and spring use ever introduced as a late winter keeper. It is much stouter, thicker and heavier, with double the amount of heart of any known Celery. Blanches to a beautiful cream white. Ribs perfectly solid, crisp and of a delicious nutty flavor. Grow Winter Queen once and you will always grow it. Pkt. .05. Oz. .40. $\frac{1}{4}$ lb. \$1.25.

SWEET CORN

Black Mexican One of the sweetest varieties; color when in roasting ear, purple and white; also a fine late sort. Pkt. .06. Qt. .25. Pk. \$1.25.

Peep-'O-Day One of the earliest; very sweet and of delicate flavor. Pkt. .06. Qt. .25. Bu. \$4.75.

Golden Bantam Extra early, yellow; very sweet and tender. Pkt. .06. Qt. .30. Bu. \$6.00.

Champion Early, large eared, sweet and tender. Pkt. .06. Qt. .20. Bu. \$4.00.

Kendel's Early Giant Matures very early and has large ears and is very prolific. It is the earliest kind with ears so large, and on this account is valuable for market. Pkt. .06. Qt. .20. Bu. \$4.00.

Country Gentleman Kernals small, but extremely sweet. Pkt. .06. Qt. .30. Bu. \$5.00.

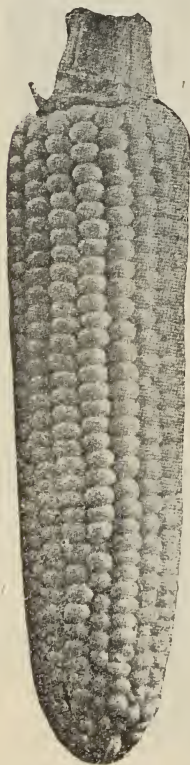

Early Evergreen 10 days' earlier than Stowell's Evergreen. Pkt. .06. Qt. .25. Bu. \$4.00.

Stowell Evergreen One of the most popular varieties. Pkt. .06. Qt. .20. Bu. \$3.75.

The sweetness of low prices can never equal the bitterness of poor quality.

White Plume

Early Evergreen

CUCUMBER

One ounce for 80 hills.

Culture Plant the seed not over an inch deep in hills four to six feet apart each way, dropping fifteen to twenty seeds in a hill. After the plants begin to crowd, and the danger from the striped beetle is nearly over, thin to three plants to the hill. The plants are liable to attack from the striped cucumber beetles. These may be kept off by frequent dusting with Tobacco Dust.

Early Cluster Fruit short, holding full size at each end. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25. Lb. .85.

White Spine Improved A very handsome and uniform early variety. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25. Lb. .85.

Chicago Pickling Intermediate between long and short green, forming a very long slender pickle, which is very crisp. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25. Lb. .85.

Japan Climbing Good for frames or open ground. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .35. Lb. \$1.00.

Improved Long Green Long and crisp; a popular variety for pickles. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25. Lb. .85.

Snow's Pickling A selection made originally from the Chicago Pickle. The type is shorter when ripe than the Chicago Pickle and is broad at the stem end, tapering slightly to the tip. It is the best type of Pickle. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .30. Lb. \$1.00.

CRESS

Sow in drills 18 inches apart.

Curled or Peppergrass This small salad is used with lettuce, to which its warm, pungent flavor, makes it a valuable addition. Pkt. .05. Oz. .07.

EGG PLANT

This delicious vegetable should be in every garden. It is cultivated like tomatoes.

Improved New York Spineless Excellent quality and very productive. Pkt. .05. Oz. .30.

ENDIVE

Often called Winter Lettuce. Sow the same as Lettuce. When nearly full grown tie the outer leaves together over the center in order to blanch the heart of the plant.

Moss Curled A beautiful variety with finely curled leaves. Blanches perfectly white in the center. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .40. Lb. \$1.25.

KOHL RABI

The seed should be sown in June, in rows two feet apart, and the plants thinned to about a foot in the rows.

White Vienna The flesh is white, with a bluish skin. Principally used for outdoor sowing. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .60.

LETTUCE

One ounce will produce about 3,000 plants.

Culture Sow as early in the spring as the ground can be worked, in drills eighteen inches apart, and thin the young plants to four inches apart in the row. As the plants begin to crowd, thin them out and use as required. In this way longer successions for cuttings may be had.

New Morse The best curled Lettuce grown. Splendid for both early and summer use; crisp and tender. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.

Simpson Early Curled A leading early sort; very tender. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.

Big Boston Fine for forcing in cold-frames or for open ground. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .30.

Grand Rapids Forcing Large, tender, one of the best for forcing. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.

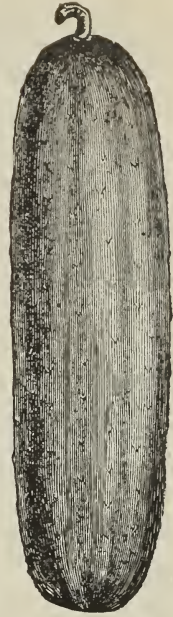

Simpson Black Seed A superior variety; large and of light color. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.

Hanson Improved Very large and solid; withstands the hot sun well. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.

Early Prize Head

Early Prize Head Large, loose heads, tinged with brown. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.

Snow's Tested Seeds are only supplied by us direct to our customers—they are not sold in stores.

MUSK MELON

Culture Plant the seeds in hills six feet apart each way, dropping ten or twelve seeds in each hill. After the plants begin to crowd, thin to four of the most vigorous plants in the hill.

Cosmopolitan Of medium size, nearly round, has no ribs. Light green, covered with silver-gray netting; flesh green, firm, sweet and of fine flavor. Hardy and productive. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .40. Lb. \$1.25.

Rocky Ford Oval in shape, beautifully netted flesh, bright green. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.

Defender Oval shape, firm and fine grained, flesh rich deep yellow. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .25.

Emerald Gem Very sweet, medium size, salmon color. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .50.

WATERMELON

Culture Treat the same as Musk Melon, except that they should be planted eight or ten feet apart, according to the variety. Light soil is best.

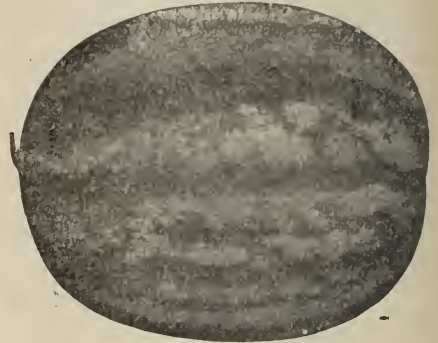

Harris' Earliest An extra early Melon of excellent quality. Fruits slightly oval with irregularly mottled broad stripes of light and dark green. Flesh bright red, sweet and tender. Seed black. The vines are vigorous and productive. One of the best varieties for northern latitudes. Pt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.

Ice Cream Skin mottled gray, flesh pink. Very solid and sweet. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .30. Lb. .90.

Kleckley Sweets Large, oblong, dark green skin; flesh bright scarlet, sweet and sugary. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .30. Lb. .80.

Sweet Heart Early; fruit large, oval; rind thin, flesh bright red. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .60.

Kolb Gem Of a delicious sugary flavor, bright red flesh; firm and solid. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .60.

Kolb Gem

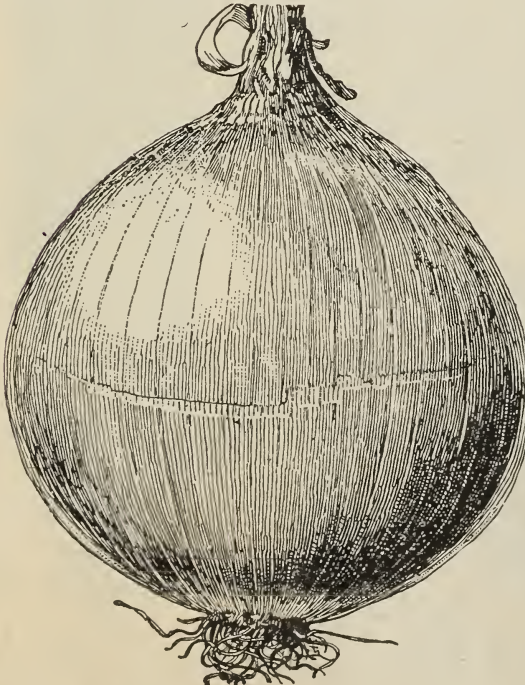

CITRON

Red seed; used for preserves only. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25. Lb. .80.

ONIONS

One-half ounce to 100 feet of drill.

Culture Sow in rich sandy soil, in drills one foot apart, as soon as the soil can be worked in the spring. Thin to three or four inches, using rake or hoe frequently to keep down the weeds.

Prize Taker Onion

Yellow Globe Danvers Globe shape, small top, very productive. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .45. Lb. \$1.50.

Prize Taker Large globe, uniform in size, mild of flavor, straw color. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .50. Lb. \$1.75.

Red Wethersfield Large, fine grain, skin deep purplish red. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .45. Lb. \$1.50.

Extra Early Red A medium sized flat variety, two weeks earlier than Red Wethersfield. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .45. Lb. \$1.50.

Large Portugal The standard large flat sort of the New York Markets. Pkt. .05. Oz. .20. Lb. \$2.50.

PARSLEY

Culture The seed is even slower than Parsnip in germinating, and should be sown as early as possible in the spring, in drills one foot apart.

Champion Moss Curled A finely cut and beautifully curled variety. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .30.

Think of the crop you expect to harvest when you buy your seed.

PARSNIPS Culture Sow as early as the ground can be worked, in drills eighteen inches apart. Thin to six inches in the row. The seed is slow to germinate. If a few Radish seed is sown with the Parsnip you can hoe close to the row without disturbing the seed, and Radishes can be used before Parsnips need the ground.
Hollow Crown Roots oblong, ending somewhat abruptly in a tap root. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. 25. Lb. .90.

PEAS

One pint to 80 feet of drill.

Culture Sow as early as possible. The peas will give quicker returns if covered only one inch deep, and where earliness is most important, they may be treated in that way. But larger pods and more of them will be produced if the seed be planted in trenches from three to six inches deep and covered with only one or two inches of soil: when the plants are five or six inches high, fill the trench level with the surface. If the Peas be covered to the full depth at first, or if water stands in the trenches, they will not germinate or grow well.

Alaska One of the very earliest blue Peas; very productive. Qt. .30. Pk. \$2.00.

Nott's Excelsior Splendid early wrinkled sort; very prolific. Qt. .35. Pk. \$2.50.

Sutton's Excelsior An extra-early dwarf wrinkled. Similar in habit of growth to Nott's Excelsior, but a little taller (15 inches,) and bearing larger, broader pods. The peas are large, tender and of superior quality. Very prolific. Qt. .40. Pk. \$2.75.

Premium Gem Early, straight pods, well filled. Qt. .35. Pk. \$2.50.

McLean's Advancer A fine standard sort of excellent quality. Qt. .35. Pk. \$2.50.

Horsford's Market-Garden On the style of Advancer; very prolific. Qt. .35. Pk. \$2.50.

Champion of England A well-known standard sort; sow thickly. Qt. .35. Pk. \$2.50.

Telephone Enormous pods and Peas of best quality. Qt. .50. Pk. \$3.25.

White Marrowfat A favorite; heavy yielder. Qt. .20. Pk. \$1.50.

PEPPER

Culture Sow in hotbeds and when the soil has become warm set in rows two feet apart and eighteen inches apart in the rows.

Chinese Giant Very large, flesh very mild and thick; bright scarlet color. Pkt. .05. Oz. .50.

Large Bell Large bright red. Largely used for pickling. Pkt. .05. Oz. .20.

Thick Long Red A great improvement on the ordinary Long Red Cayenne, being of about same length, but much thicker. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .60.

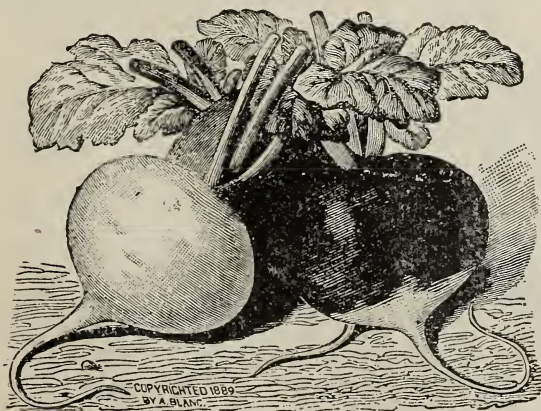

Ruby King Very productive. When ripe, ruby red. Pkt. .05. Oz. .20.

PUMPKIN

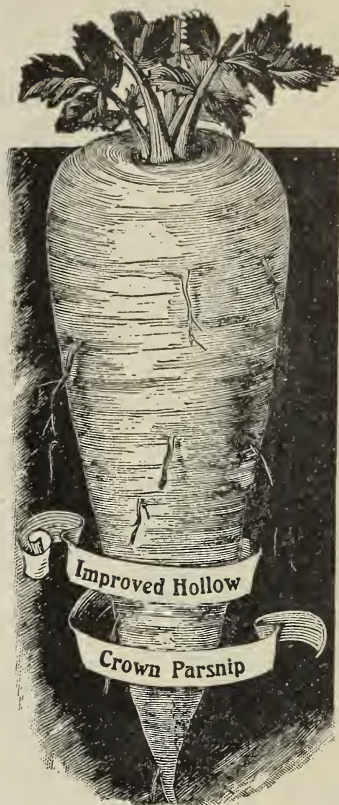

One ounce of seed will plant about 25 hills.

Early Sugar Fine grained, sweet and prolific; small yellow. Pkt. .05. Oz. .10. Lb. .80.

Connecticut Field Grown in corn-fields for stock. Pkt. .05. Oz. .08. Lb. .30.

Radishes

RADISHES

One ounce of seed to 100 feet of row.

Culture Sow as soon as the ground is dry in the spring, in rows 8 to 12 inches apart every week or ten days, for a succession. They should be sown in a light, rich soil, as a Radish can not be produced on heavy soils. Sow also in early fall for late crops and winter use.

Scarlet Turnip, White Tip Round, bright scarlet, with white tip. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .75.

Crimson Giant Double the size of the above, yet never pithy. Flesh tender and crisp. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .60.

Early White Turnip Rooted Early, round, clear white. Pkt. .05. Oz. .08. $\frac{1}{4}$ lb. .15. Lb. .50.

Early White Olive-shaped Crisp, and of mild flavor. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. 70.
Early Short Top Long Scarlet Standard sort for market or private gardens. Pkt. .05. Oz. .08. $\frac{1}{4}$ lb. .15. Lb. .50.
White Icicle Long, pure white, and very early sort. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. 70.

WINTER VARIETIES

Imp. Half Long Black Spanish The best of all Black Radishes. If stored in damp sand in the cellar, they will keep all winter. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .30. Lb. .90.
China Rose Winter Bright rose color. Flesh white, superior quality. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .65.

SALSIFY, OR VEGETABLE OYSTER

Culture Cultivate the same as for Parsnips.
Mammoth Sandwich Island Extra large roots, superior in quality and flavor to other kinds. (Selected stock) Pkt. .05. Oz. .12. $\frac{1}{4}$ lb. .30.

SPINACH

Culture Should be planted in very rich ground, the richer the better. Sow in drills 12 to 18 inches apart and begin thinning out the plants when the leaves are an inch wide.

Savoy Leaved Also known as Bloomsdale. A very early variety and one of the best to plant in autumn for early spring use. The plant is of upright growth, with thick, glossy, dark green leaves of medium size, pointed but quite broad, and crumpled or blistered like those of Savoy cabbage. Seed round. It is hardy and grows rapidly to a suitable size for use, running to seed quickly in warm weather. Pkt. .05. Oz. .08. $\frac{1}{4}$ lb. .15. Lb. .40.

Golden Hubbard

SAGE, Broad Leaved

When once started will last for years. Sow in the open ground, and thin the plants to 4 or 5 inches apart. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .40. Lb. \$1.20.

SQUASH

Culture Squash plants are very sensitive to cold and planting must be delayed until warm weather. The summer varieties should be planted four feet apart each way, and the winter varieties eight feet. Three plants are sufficient for a hill.

Early White Bush A good early variety. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.
Early Summer Bush Crookneck Very early and productive. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.
Hubbard Well known and liked for late use. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .30.
Golden Hubbard The same as above, but the skin is a bright red. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.
Delicious Green skin, orange flesh; fine-grained, sweet and dry. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .25.
Boston Marrow Of oval form and thin skin. Color a rich orange; of good size, excellent flavor and keeps well. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .65.

TOMATOES

Culture Sow in hotbeds in the early spring. Transplant in the open ground when all danger of frost is past, setting the plants 3 or 4 feet apart each way.

New Dwarf-Giant Of dwarf, compact growth, the plants are very productive and produce fruits nearly as large as Oneida and much smoother in form. Flesh wonderfully solid, of finest

Snow's Eureka

flavor, with absolutely no core. Pkt. .10. Oz. \$1.00.

Michell's Very First Positively the earliest Tomato in existence. Pkt. .05. Oz. .40.

Earliana Extra early; bright red; smooth. Pkt. .05. Oz. .30. $\frac{1}{4}$ lb. \$1.00.

Bonny Best Early; large, smooth, solid, fine quality. Pkt. .05. Oz. .35. $\frac{1}{4}$ lb. .90.

Snow's Eureka Bright red, smooth and solid; medium size; second early. Pkt. .05. Oz. .20. $\frac{1}{4}$ lb. .50.

Oneida Extra large; very solid; bright red. Pkt. .05. Oz. .30.

Dwarf Champion Quite distinct, early. Pkt. .05. Oz. .25. $\frac{1}{4}$ lb. .80.

Stone, Dwarf In growth resembling Dwarf Champion, but with much larger fruits. Color bright scarlet, perfect shape, very solid and of the best quality. Pkt. .05. Oz. .35. $\frac{1}{4}$ lb. .90.

Golden Queen Smooth, golden yellow. Pkt. .05. Oz. .30. $\frac{1}{4}$ lb. \$1.00.

Chalk's Early Jewel One of the best early varieties; about a week later than Earliana. The fruit of Jewel, however, averages larger, is uniform, smooth, solid, of fine quality, and brilliant scarlet; a heavy cropper. Pkt. .05. Oz. .25. $\frac{1}{4}$ lb. .80.

Trucker's Favorite Large and smooth and very regular in form. Purplish red; solid. Pkt. .05. Oz. .25. $\frac{1}{4}$ lb. .80.

TURNIP

Culture Sow in drills about two feet apart, and half an inch deep. Be sure to have the ground rich and freshly stirred. Thin early and keep free from weeds.

Purple Top Strap Leaf The popular fall flat sort. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .60.

White Globe Good either for table or stock. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .60.

Cow Horn Long, white, in shape resembling a cow's horn. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .60.

Sweet German Of the nature of the Ruta Baga, and should be sown a month earlier than the flat turnips. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .60.

RUTA BAGA OR SWEDES

Monarch or Tankard A yellow fleshed sort having large tankard shaped roots. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .60.

Perfection White Swede A Ruta Baga that is absolutely neckless. Flesh white. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .60.

American Purple Top Bulbs are of great size, yellow fleshed and purple crown. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .20. Lb. .60.

GRASS AND CLOVER SEED

The Importance of Good Grass Seed. There is an astonishing quantity of poor, dirty grass seed sold. Many farmers will buy grass seeds where they can get them at the lowest price, without much regard to quality or purity. Timothy seed, for instance, that contains 10 per cent weed seeds and dead seeds or other impurities, can be bought for 50c per bushel less than pure seed; but which would you rather have? We offer only the highest grade of seeds that are as near pure as it is possible to get, and of good vitality. You can get ordinary low grade seed at the corner store.

Timothy Recleaned. Seed at market price.

Red Top Valuable for low land, as it is not injured by water. Finest recleaned seed, weighing 40 pounds to the measured bushel.

Kentucky Blue Grass One of the best grasses for pastures and lawns.

Orchard Grass Valuable for pasture and hay. Starts very early in the spring.

Medium Red Clover The common red clover. Finest recleaned seed at market rates.

Mammoth Red Clover (Large or Pea Vine Clover) Grows larger and coarser than medium.

Alsike Clover Grows well on wet, low land, where red clover will not do well.

Alfalfa or Lucerne Produces immense crops of clover hay, and can be cut two or three times each year. Finest grade of tested seed.

White Clover Used principally for lawns and sheep pasture.

Shady Lawn Mixture Usually it is quite difficult to obtain satisfactory growth of grass under trees and in shady places. For sowing in such places we recommend this special mixture. The grasses used in making this special mixture are only those that are well adapted to growing in the shade. Lb. .30.

Snow's Evergreen Lawn This lawn mixture is composed of the finest recleaned grass seeds. Lb. .25.

MISCELLANEOUS FARM SEEDS

Vermont Early Yellow Field Corn The earliest of all the Flint varieties. Color, bright orange, kernels large, ears about 8 inches long, filling up to one kernel on the tip. Matures in about 80 days. Qt. .15. Bu. \$2.50.

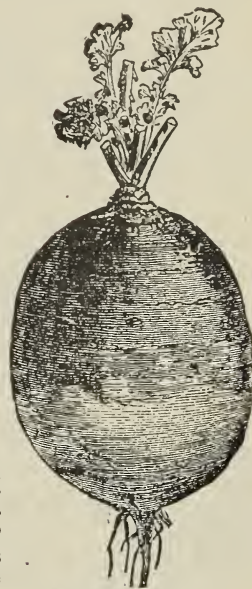

White Rice Pop A very handsome and popular variety. Pkt. .05. Qt. .25.

Eureka Yellow Dent This magnificent Early Yellow Dent Corn is a cross between the large Yellow Dent and Chester County Mammoth, both well-known varieties. It matures early and produces immense crops. Strong and vigorous, growing from 9 to 14 feet high, producing large, handsome ears, with unusually deep grains.

Cuban Giant Ensilage Corn This corn has been produced by careful breeding with the idea of getting a variety that would produce the largest crop and the best quality of ensilage or fodder corn. The stalks grow tall and are covered with large leaves from bottom to top. Bu. \$1.50.

Pride of the North This is one of the very few Dent Corns that will mature in 90 days. Bu. \$1.50.

Leaming Corn This has long been considered one of the best early Dent varieties. Bu. \$1.50.

Monarch or Tankard

Buckwheat American Silver Hull One bushel to the acre. Early. Market prices.

Japanese Millet or Billion Dollar Grass It grows so strong that the stalks look like small corn fodder. Very large crops can be raised—nearly double those of the common millet. Price variable.

Millet, German or Golden An improved variety, medium early, growing three to five feet high. Price variable

OATS

American Banner Yields large crops. Grains large, white, plump; early; stiff straw of good length. Price on application.

Other Seed Oats Very often we have smaller lots of other popular Seed Oats.

RAPE

Dwarf Essex Makes excellent green feed for poultry, cattle, sheep or lambs. They can be turned into it six or eight weeks after sowing. It can be sown broadcast on corn ground before cutting the Corn, and will make good pasture after the Corn is removed. Lb. .10. 10 lbs. 80.

SPRING RYE

An excellent catch crop, when the fall-sown has been winter killed. One and one-half bushels per acre. Price on application.

SUNFLOWER

Large Russian This variety has large heads borne at the top of a single, unbranched stem, and having much more and larger seed than the common sort. It is used for poultry feeding. Lb. .10.

Canada Field Peas One of the best of soiling crops, also good for green manure. They do better where they are sown with oats, rye or barley. Sow in march or April at the rate of $1\frac{1}{2}$ to 2 bushels to the acre, if sown with other grains.

FLOWER SEEDS

We catalogue only those varieties and strains, which, in our long experience, we have found to be of sterling merit. We do not handle seeds of poor or unknown quality, but aim to give our customers stock of known reliability, fresh and true to name. All flower seeds are delivered free to any post-office in the United States or Canada.

Asters

General Directions For Sowing Flower Seeds

Nearly all of the annuals can be had in flower two or three weeks earlier by sowing the seeds indoors, in shallow boxes, and placing in a warm, sunny window. Use a light soil and do not cover the seed too deep. After covering the seed, press the soil down firmly and keep moist, not wet, or too dry. Transplant the seedlings in small flats or other boxes when large enough to handle.

ASTER

Marvel. (See Novelties) First page.

Vick's White King, (See Novelties) First Page.

Vick's Enchantress Pink, (See Novelties) First Page.

Crego's White Of purest glistening white. Pkt. .10.

Crego's Shell Pink A lovely soft shade, which is always admired. Pkt. .10.

Mikado A Comet Aster of great beauty. The flowers are of immense size. The petals are curled and twisted in the center of the flower. The growth is of medium height. A very fine bedding Aster. Two colors. White and Rose. Pkt. .10.

Aquilegia

Comet Forms flowers of extraordinary size and beauty. Mixed. Pkt. .10.

Aster Finest mixed. Contains the best strains and the finest colors. Pkt. .05. 8 pkts., our selection of the above varieties for .50.

Ageratum

The flowers are like an inverted tassel or cockade in shape, and are borne in clusters. Blue, white and mixed. Pkt. .05.

Alyssum

Pretty little plants for vases, beds, edgings, or rock work, blooming profusely all summer. Very sweetly scented.

Little Gem White. Pkt. .05.

Saxatile Yellow. Hardy perennial. Pkt. .05.

Aquilegia (Columbine)

Popular hardy perennial that bloom very freely during the spring and early summer. All colors, mixed. Pkt. .05.

Antirrhinum (Snap Dragon)

Old garden favorite, of easiest culture, blooming the first season from seed; thriving in any soil. Mixed. Pkt. .05.

BALSAMS. **Camellia Flowered** These are the most perfect in form and largest in flower yet developed in this old garden favorite, which is among the showiest and most popular of summer garden annuals. Height, 1½ to 2 feet. Prize Mixed. Pkt. .05.

Tuberous Rooted Begonia

Antirrhinum

BEGONIA. **Tuberous Rooted Begonias** Unexcelled for summer bedding, making a brilliant show throughout the entire season. Should be planted in very rich, well drained soil and in a location where they will be protected from the direct rays of the sun during the hottest part of the day.

New Free-Flowering Tuberous Begonia Bulbs

Cristata Curious strain of Single Begonias with flowers of good size, bearing on each petal a crest or beard composed of curiously twisted threads which give flowers an interesting appearance. Each, 20c; 3 for 55c; doz., \$2.00; 100, \$15.00.

Lafayette A splendid bedding variety. Flowers are of a most brilliant fiery scarlet, double, and borne upright on their stalks. One of the best for bedding, as it blooms all summer. Each, 20c; 3 for 55c; doz., \$2.00; 100, \$15.00.

Single Mixed Colors—Each, 5c; 4 for 18c; doz., 50c; 100, \$3.50.

Double Mixed Colors—Each, 8c; 4 for 30c; doz., 80c; 100, \$6.00.

Tuberous Rooted, Single Splendid mixture. Pkt. .15.

Double Mixed. Splendid quality, saved from a choice, rich collection. Pkt. .30.

Carnation Seed

Hardy Garden This is a very fine strain, particularly adapted to garden planting. Seed sown in the spring will produce large thrifty clumps that will stand out over winter and bloom throughout the following summer and fall. All colors, shades and markings are represented in the mixture, and most of them will come double.

Mixed colors. Pkt. .10.

CALENDULA, Pot Marigold

Showy, free-flowering, hardy annual, producing a fine effect in beds or mixed borders; 1 foot.

Grandiflora Beautiful, large double yellow flowers. Pkt. .05.

Meteor Large yellow striped with orange. Pkt. .05.

Orange King Rich, dark orange. Pkt. .05.

Calliopsis or Coreopsis

California Sunbeams Flowers very large, various shades of yellow and brown; 1 foot. Pkt. .05.

Lanceolata Grandiflora This is one of the finest of hardy plants, with large, showy, bright yellow flowers produced in the greatest abundance from June till frost. As a cut flower they stand near the head among hardy plants, having long stems and lasting in good condition a week or more. Easily grown from seed, flowering the first year if sown early. Pkt. .10.

Candytuft

Empress or Snow Queen Snow white flowers, borne on a candelabra shaped plant. Pkt. .05.

Giant Hyacinth-Flowered White 1 ft. The flower heads are of immense size, 6 in. long and 3 in. across, resembling a Dutch Hyacinth. Pkt. .05.

Mixed All colors. Pkt. .05.

Canary-Bird Vine Graceful, annual climber, with yellow butterfly-like flowers; 15 feet. Pkt. .10.

Canterbury Bells

Very ornamental garden plants of easiest culture; hardy biennial. 2½ feet high, producing large, bell-shaped flowers.

Prize Mixture of all colors, and Single and Double; unequalled. Pkt. .10.

Medium Deans Hybrids double and single, finest mixed. Pkt. .10.

CELOSIA PLUMOSA, or Plumed Cockscombs

A very superior type of *Celosia plumosa*, forming pyramidal, branching plants 3½ feet high and bearing large conical, plumed heads of either golden-yellow, fiery-scarlet, purple, salmon, blood-red, etc. The plants are annuals, growing easily and quickly from seed, and present a very showy appearance in the summer garden, lasting in bloom until frost.

All Colors Mixed Pkt. .10.

Castle Gould (See Novelties) First Page.

CENTAUREA CYANUS, Bachelors' Button

Very free-blooming hardy annual; also called Blue Bottle, Ragged Sailor. Mixed colors. Pkt. .05.

COSMOS

Tints of Dawn New, early blooming. Flower in July. Pkt. .05.

New Gigantic Orchid-Flowered Cosmos, Lady Lenox This gigantic Cosmos is the forerunner of an entirely new race of Cosmos. It is of extraordinary size and beauty. Pkt. .15. 2 for .25.

Praecox Early flowering mixed. Pkt. .05.

Dianthus Pink

Beautiful free flowering hardy plants; furnish an abundance of bright and varied colored flowers, all through the summer and fall.

Double Diadem Japanese Pink Double flowers; tints of crimson and lilac purple, edges fringed white. Pkt. .05.

Heddeyigg's Single Mixed Flowers beautifully colored, fringed and feathered. Pkt. .05.

DELPHINIUM (Perennial Larkspur)

Handsome hard perennial plants for the herbaceous border and shrubbery, producing a profusion of splendid spikes of flowers throughout the summer; will usually bloom the first season. Double and semi-double varieties, mixed, extra. Pkt. .10.

Digitalis (Foxglove) A handsome hardy perennial; either for borders or in groups among shrubs; 3 feet.

Gloxiniaeflora Mixed colors. Pkt. .05.

Giant Marguerite

Eschscholtzia California Poppy

Gold Cup Attractive annuals for masses; fine cut foliage; in bloom from June until frost. Pkt. .05.

Mandarin Inner side of the petals rich orange, the outer side brilliant scarlet. Pkt. .05.

Bush Eschscholtzia (Hunemannia) A fine new perennial plant; forms a bushy shrub 2 feet high, producing large cup-shaped flowers on stems 12 inches long; of clear jonquil yellow and vivid bright orange stamens. Begins to bloom in July from spring-sown seed. Pkt. .05.

Gaillardias

Picta Lorenziana A charming annual, profuse double-flowering strain; beautiful mixed colors. Pkt. .05. $\frac{1}{4}$ oz. .20.

Kelway's Hardy Gaillardia This is to our knowledge the choicest strain of Hardy Gaillardias. The flowers are of enormous size, and the colors the most varied we have ever seen. Flowers for about three months. Pkt. .15.

Godetia (Satin Flower) An attractive and very beautiful hardy annual. In full bloom all summer, so profuse that the foliage is almost hidden by the large, wide-open flowers; of shining-satiny texture and the most delicate and brilliant colors. Our mixture contains all the best varieties. $1\frac{1}{2}$ feet. Pkt. .05.

Rose Delicate-rose, double, extremely fine for cutting. Pkt. .05.

Hollyhocks Chaters' double, choicest mixture. Pkt. .10.

Hop Variegated Japanese The leaves are distinctly marked with silvery white, yellowish white, and light and dark green. It retains this foliage until late in the autumn; 20 feet. Pkt. .10.

Kochia Summer Cypress A half-hardy annual, 2 to 3 feet in height, pyramidal habit, light green foliage deepening as the season advances until it becomes a lovely crimson hue. Pkt. .10.

Kudzu Vine (*Pueraria Thunbergiana*,) a twining vine of remarkably rapid growth, attaining a length of 40 to 50 ft. in one season from established roots; hardy, though the vine dies down every winter in the North. Foliage large and lobed; purple pea-shaped flowers in clusters, borne late in the season. A fine vine for arbors, verandas, etc. Pkt. .10.

Larkspur

Chinese Mixed Large flowers, ranging from pure white to deep indigo-blue. Young seedlings will bloom from midsummer until frost; 2 feet. Mixed. Pkt. .05.

Mignonette

Allen's Defiance Immense spikes 12 to 15 inches long, very fragrant. Pkt. .05.

Goliath One of the finest varieties; giant spikes of brilliant red flowers; fragrant. Pkt. .10.

Marigold

African, Pride of the Garden Extra large, double flowers of richest yellow; dwarf and neat. Pkt. .05.

Double French Finely cut foliage, dwarf. Mixed colors. Pkt. .05.

Morning Glories

Splendid climbing plants, of rapid growth and profuse bloom. Choice mixed. Pkt. .05.

Japanese Imperial Robust summer flowers, from 10 to 20 feet high, with immense morning glory flowers, of a great variety of both rich and dainty colors. Mixed colors. Pkt. .10.

Nasturtium Climbing

Queen of the Lobbs (New) Fine white marbled and veined foliage, which gives a handsome appearance to this popular climber. Mixed colors. Pkt. .10. Oz. .20.

Chameleon Mottled crimson, bronze and yellow; very fine. Pkt. .05. Oz. .10.

Madame Gunter Remarkable for richness of color. Mixed. Pkt. .5. Oz. .10.

Spitfire Brilliant scarlet. Very fine. Pkt. .05. Oz. .20.

Margaret (Princess Victoria Louise) Cream-white, deep scarlet spotted. Pkt. .05. Oz. .20. Mixed colors. Oz. .10. $\frac{1}{4}$ lb. .25. $\frac{1}{2}$ lb. .40. Lb. .75.

Nasturtiums

Nasturtium Dwarf Varieties

Empress of India Deep Crimson. Fine dark foliage. Pkt. .05. Oz. .15.

Lady Bird (New) A new orange, spotted bright scarlet, extra dark leaved, very fine. Pkt. .05. Oz. .15.

Cloth of Gold Golden yellow leaves, scarlet flowers. Pkt. .10. Oz. .20.

Mixed colors. Oz. .10. $\frac{1}{4}$ lb. .25. $\frac{1}{2}$ lb. .40. Lb. .75.

Pansy

Seed sown in a cool, moist place, in July or August, (never allowing the seed bed to become dry,) will give fine plants for late fall and the following spring with a mulch of leaves and some brush to hold them in place. The pansies will winter nicely and bloom until midsummer, when they should be replaced with young plants.

Snow's Sunbeam This superb strain cannot be surpassed for size, shape, markings, or richness of color of the flowers. The flowers are borne on stout stems that show their beauty to perfection. The plants are very strong-growing and hardy. Pkt. .15. $\frac{1}{4}$ oz. .60. Oz. \$4.00.

Cassier's Giant A grand mixture of the finest blotched varieties, splendid in every way, being large in size and rich in coloring. Pkt. .15. $\frac{1}{4}$ oz. .50. Oz. \$3.00.

Giant Flowering Parisian, Mixed Flowers of largest size, splendid form and range of colors, as a rule in the lighter shades. Each petal usually beautifully blotched. Pkt. .10. $\frac{1}{4}$ oz. .30. Oz. \$1.75.

Masterpiece (Frilled Pansy) A remarkable type, each petal being conspicuously curled or waved, giving the flower a double or globular appearance. The range of color is very extensive, the rich, dark velvety shades predominating. Pkt. .25. $\frac{1}{4}$ oz. .75.

Snowwhite (Candidissima.) Pkt. .10.

Goldelse, pure yellow. Pkt. .10.

Cardinal, bright dark red, large-flowered, fine. Pkt. .10.

King of the Blacks (Mourning Pansy) Pkt. .10.

Choice Mixed Large flowering sorts. Pkt. .05.

Carnation

Giant Marguerite An improved strain, producing flowers of immense size. Mixed colors. Pkt. .10.

New Double Perpetual (Chabaub) A early as the Marguerite Carnation. The percentage of double flowers is larger. Pkt. .10.

Petunias

Giant Double Flowering While a fair per cent of Double Petunia seed will produce double flowers, some will not, but the single ones will be richly colored and finely marked. The seedlings, which appear weak and sickly at first, generally produce good strong plants in the end, often double, and the finest flowers.

Petunia

We consider this one of the finest mixtures of Double Petunias ever offered. It is composed of the best and largest flowered strains grown. Pkt. .30.

Single Fringed (Fimbriata.) A strain of beautifully fringed flowers. Colors rich and brilliant. Pkt. .15.

Giant Ruffled The flowers of this strain are ruffled and fringed; colors rich and gorgeous, with charming deep throats of various shades. Fine mixed. Pkt. .20.

Single Choice Mixed. Pkt. .05.

Phlox

Phlox are noted for their extreme richness of color, and duration of bloom. They rank among our finest annuals, and whether planted in clumps or masses always look beautiful.

Drummond Choice mixed. Pkt. .05.

Star of Quedlinburg The flowers have a distinct and star-like appearance. Pkt. .05.

Poppies

Shirley Indescribably bright, dainty and gauzy; a favorite for cutting. Pt. .05.

Snowdrift Pure snowy white, extremely double flowers, of perfect form and large size. Pkt. .05.

Mikado Brilliant scarlet and white, with elegantly curved petals. Pkt. .05.

Tulip Poppy Striking tulip-shaped flowers of intensely brilliant scarlet; dwarf. Pkt. .05.

Virginia single, large-flowered with white, light-rose margined and fringed flowers, new. Pkt. .05.

Empress of China beautiful, white with small scarlet margins, single-flowered, new. Pkt. .05.

Perennial Varieties Tall, large-flowered and showy; effective among shrubs.

Oriente Enormous flowers of deep, flashing scarlet; entirely hardy anywhere, 3ft. Pkt. .10.

Nudicaule (Iceland Poppy) These dwarf Poppies form one of the chief attractions of the garden through several months. They are most beautiful when grown in masses from seed sown every year; 1 ft. All colors, mixed. Pkt. .10.

Portulaca

Very brilliant annuals, best adapted to warm situations, and bloom profusely from early summer till autumn. Seed should be sown late, as they will not germinate until hot weather. Doubled, extra mixed. Pkt. .10. Single, choice mixed. Pkt. .05.

Primula

Chinese Primrose Dollar Strain One of the most desirable plants for indoors, being in almost constant bloom all winter. By careful selection we are able to offer a strain that can not be excelled for size of bloom or brilliancy of color, with single blooms as large as a silver dollar, ranging in color from pure white to the darkest crimson. Though perennial new plants flower more freely, and new seed should be sown every year. Mixed colors. Pkt. .20.

Primula Obconica Gigantea The strain we offer now has the largest flowers of any. These are splendid pot plants and stay in bloom the entire winter. Just try our strain and convince yourselves of our quality. Mixed colors. Pkt. .20.

Physalis Francheti (Japanese Winter Cherry,) bears showy, large, red, cherry-like fruits, each enclosed in an enormous balloon-like, semi-transparent calyx, about three inches long, at first light green, gradually changing to yellow, then orange, and finally to crimson. Effective in the autumn garden or grown in pots. 1½ ft. Pkt. .10.

Ricinus, Castor Oil Plant Luxurious, rapid growing annuals, with large, handsome, metallic leaves. Six to ten feet. Pkt. .05.

Salvia

Salvia Splendens Zurich This is the earliest blooming of the flowering sage. The plants are dwarf and compact, produce their brilliant flowers when 3 inches high, and bloom until killed by frost. Pkt. .15.

Bonfire, or Clare Bedman Without a doubt the finest Salvia yet introduced. Very dwarf and compact, two feet high, and covered with long spikes of dazzling scarlet flowers. Pkt. .10.

Chinese Primrose

Dwarf Large Flowering Stocks

The Dwarf German Ten Weeks Stocks are grown easily, and are of great beauty and fragrance. Mixed. Pkt. .10.

Sweet William

One of the most admired of our garden flowers. Hardy plants of about 1 foot high, of extreme richness and variety of color. Also deliciously sweet scented. For clumps or borders no plant can surpass this old favorite.

Harlequin Each head of flowers is composed of different colored florets, such as dark crimson, pink, white, flesh striped. Pkt. .05.

Everblooming Hybrids It is a cross between the China Pink and Sweet William, combining the free and continuous blooming qualities of the former with the hardiness of the latter. Color, an intense velvety crimson-scarlet. It blooms freely from seed the first year. Pkt. .10.

Salpiglossis

to grow.

Mammoth Large flowers, double and of striking colors; bushy habit. Pkt. .05.

Curled and Crested Large flowers with twisted petal; great range of color. Pkt. .05.

Salpiglossis

Beautiful garden annuals about 18 inches high, bearing large Petunia-like flowers of gorgeous colors, laced and veined.

Large Flowering Mixed colors. Pkt. .10.

Schizanthus

Elegant free-blooming annuals. Large fringed flowers, marked and spotted with crimson, purple, yellow and lilac. $1\frac{1}{2}$ to 2 feet. Fine mixed. Pkt. .05.

Verbena

Well known and popular bedding plants, blooming all summer. The most brilliant, with the exception of Phlox Drummondii of all the annuals. Mammoth flowering. Mixed. Pkt. .05.

Zinnia

Very popular, easy grown annuals, blooming continuously throughout the entire season. Sow seed in the open ground, in the spring, where they are

Wild Flower Garden Mixture

These mixed flower seeds embrace more than a hundred varieties of easy growing and pretty flowers as are suitable for forming a Wild Flower Garden. For sowing alongside of fences and on untidy bare spots of ground, which, if properly cared for and kept free from weeds, can be made to produce a continual display of bloom during the summer.

Best Mixed Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .30. Lb. \$1.00.

Sweet Peas

Cultural Note

Sow in new ground as soon as it can be worked, except the white seeded sorts, which should not be sown until the ground is comparatively warm and dry.

While our list is not as large as some, it will be found to contain all the existing colors and shades, and only the best varieties of each.

Dorothy Eckford Pure white, beautifully shell shaped.

Ex. Ey. Blanche Ferry Standard deep rose pink, with nearly white wings.

The Hon. Mrs. E. Kenyon The best of the deeper primrose shades: a beautiful large semi-hooded flower.

Katherine Tracy The color is soft, but brilliant pink. **Bolton's Pink**, orange pink veined rose, semi-hooded.

America White, covered with stripes and dots of exceedingly bright carmine.

Queen Alexandra Very large brilliant scarlet.

Salopian Brilliant cardinal red.

Maid of Honor White, with distinct edging of blue.

Flora Norton Open form, the best clear blue.

Senator Broad, large flower of lavender, striped and splashed purple maroon.

Stanley Beautiful, deep maroon, warmer than Boreatton.

Any of the above varieties. Pkt. .05. Oz. .15. $\frac{1}{4}$ lb. .40.

Finest Mixed A mixture that cannot fail to give satisfaction. Pkt. .05. Oz. .10. $\frac{1}{4}$ lb. .30.

Sweet William

Regular Price 50c Special Collection Price 25c

Hydrangea. Paniculata Grandiflora. Too well known to require description. Large plants, 25 cts.; \$2.00 per 10. Extra large, by express, 35 cts.; \$3.00 per 10.

Tree-Shaped. By express or freight, 60 cts. each: \$5.00 per 10.

Arborescens Grandiflora. A grand addition to the summer flowering hardy shrubs; dwarfing the show of other sorts in July and August by the magnitude and profusion of its flower-heads. The flowers are, in a large way, similar to the familiar "Snowball" in appearance, and are so conspicuously white and imposing that whether as single specimens, as cut flowers, or in groupings, their presence is predominant. 20 cts.; \$2.00 per dozen. By express, strong field grown plants, 40 cts. each; \$3.50 per 10.

TOBACCO DUST. The black kind. It kills poultry and cattle lice, cabbage and currant worms, cucumber and squash bugs. By express, 7 cts. per pound.

Cabbage, Tomato, Cauliflower, Pepper, Aster and Pansy Plants in Season.

Fruit, Ornamental Trees, Shrubs and Vines of All Kinds. Let me quote you price. I can save you money.

Why the HUMPHREY Bone Cutter is the Best

It is the Simplest—Only three working parts; nothing to get out of order; nothing to wear out and replace; no place for bone to work in and clog the machine.

On account of its simplicity it is the most durable. There is nothing about it to break.

The open hopper takes a bone almost any size. No cylinder into which you have to pack the bone. It is ready when you are ready.

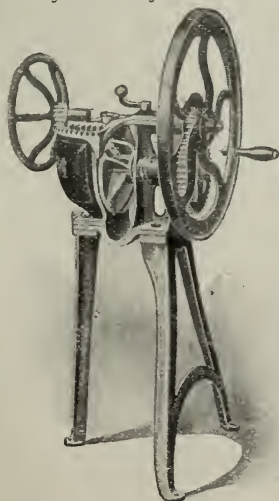

It Saves Time—Drop a bone in the hopper and cut. It will cut any bone, none are too hard for it.

Easy to Clean—By unscrewing one nut all the working parts can be taken out and every portion exposed for cleaning.

There is no need for a vegetable cutter when you have an **Humphrey** bone cutter, as it will cut all kinds of roots and vegetables.

The feed is at your own control; you can make it cut as easily or as rapidly as you like.

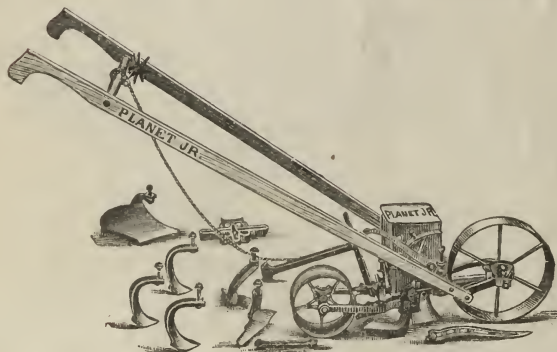

My price for machine No. 1 is \$10.80 F. O. B. factory. This is much lower than the machine is usually sold. It is, therefore, to your advantage to place your order with me.

"Planet Jr." Farm and Garden Tools

Space will not permit our showing and describing all of the "Planet Jr." Tools, but we will send a fully Illustrated Catalogue free for the asking to any one who desires it, and we can supply promptly anything ordered. "Planet Jr."

Goods are Standard Machines, the best on the market.

"Planet Jr." No. 4

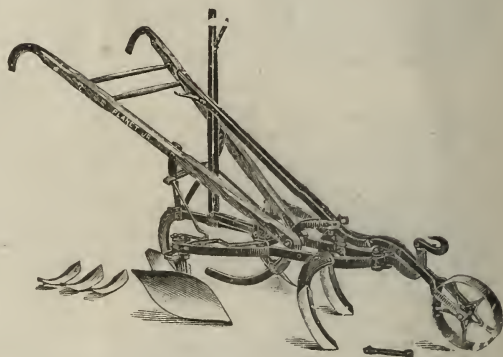

Combined Hill and Drill Seeder

This drill holds two quarts, sowing in continuous rows, or dropping in hills. The drill is detached and the tool frame substituted by removing but one bolt. It then becomes a single wheel hoe. It is useful almost every day in the season, at every stage of garden work.

Price, Complete, \$11.00. As a Drill, Only \$9.00

"Planet Jr." No. 8 Horse Hoe

You can do most anything you want with it in the garden. It opens and closes furrows, hoes right up to the plants without danger of injuring, throws dirt to or from the row and throws back from center again. You can set the hoes in reverse positions, cultivate to any depth desired and adjust for any width between 9 and 25 inches. Its round throat standards polish in use, they do not clog and you don't stop the horse for any adjustment you want to make.

Price, - - - \$9.00

Durable Rubber Roofing

Each square contains 198 square feet, all 32 inches wide, sufficient to cover 100 square feet of surface, with full allowance for three inch lap. Sufficient Cement, Nails; also Directions for laying, in the center of each roll.

Easy to put on. Anybody can apply it. Perfectly waterproof. Specially prepared against shrinkage or cracking. Gives universal satisfaction.

Not necessary to use paint or coating of any sort.

1 Ply, \$1.30 2 Ply, \$1.80
